

Reflective Writing for ePortfolio

Before you begin writing, take a few moments to reflect on the topic that you are about to write about. Maybe this is something that highlights your strengths or symbolizes a significant transformative experience. Consider why this element is significant to you.

Summarize

What experience, assignment, or skill do you want to highlight?

What artifacts will act as evidence on the page?

Contextualize

What details do you need to provide for an outside viewer to understand what is going on?

How does this align with your professional brand, personal growth, and/or career goals?

Are there connections to other content on the portfolio?

If so, how can you make those connections clear?

Emphasize

In 2-3 sentences, explain why you chose to include this item on your portfolio.

What design or language choices might amplify this work?
